*RRSP excludes dealer delivery and related charges. Pricing relates to current stock only. New / Bespoke orders may be subject to a price increase

Fuel consumption and CO2 figures determined on the basis of the new WLTP test procedure as per Regulation (Regulation (EU) 2018/1832). Only compare fuel consumption and CO2 figures with other cars tested to the same technical procedures. Figures for Tonale PHEV were obtained after the battery had been fully charged and using a combination of battery power and fuel. The Tonale PHEV is a plug-in hybrid vehicle requiring mains electricity for charging. These figures may not reflect real life driving results, which will depend upon a number of factors including the accessories fitted (post-registration), variations in weather, driving styles and vehicle load. Additional equipment and or options may also affect fuel consumption and the CO2 emissions produced. For further information, please visit Alfa Romeo.ie or contact your preferred authorised Alfa Romeo dealer. ^To be confirmed.
~ Only available as a stock order.

TONALE Ti

Engine:

1.5 160HP MHEV DCT
1.3 280HP PHEV AT eAWD

Ti Standard Equipment

INTERIOR
